Det starter med harefot som hunden ikke finner ut av og med rikelig støting. Vi flytter oss og da går vi rett på fersk rådyrbeiting. Starter passe i uttaket og losen gjør to fine runder og deretter rett ut og hunden legger av en stund etter at den har gått ut av hørehold. **3. PR. RÅ WK**

Hunden slippes og viser et fint søk. Etter 50 min. kommer hunden på et halvtime gml. drev, hunden begynner da å støte på denne foten, den følger på med støting frem til den blir koblet etter 1 t. og 40 min. ca 4-5 km fra der den begynte. Hunden slippes på nytt uten at noe skjer.

En hund som ikke er i topp kondisjon og som fikk såre poter på frostfritt fint skogsterr. **0. PR.**

Jägermeister's Knallert – Jägermeister's Lakris

A.Johannessen og S.Eriksson, Årnes. A.Igsi. Spydeberg.

Hunden går i fot etter kort tid, rikelig støting i 15 min. uten at det fører til uttak. Vi flytter oss og hunden viser noe svakt søk, noe uintr. Etter en stund går vi rett på dyr, det blir drev i 13 min. da stanser losen på et sted og hunden returnerer. Hundefører vil da avslutte prøven. **0.**
